## **Rockwell Collins CRAFT CLUB**

### **October 2002**

**Next Regular Meeting: October 16 – 4:30 p.m., Main Plant Cafeteria**

Please start bringing the following to each meeting: scissors, glue, needles, basic sewing kit.

Oct Pizza Party. Will need to pay \$1 for drinks at the September. Turkey pin.

Nov Drunken Snowman

**FROM THE PRESIDENT:** This month is our annual pizza kickoff meeting. Invite anyone you think might be a future member of the club. This time we will not be playing bingo like we usually do but we will have a craft. You may either work on the craft then or if you prefer to visit you may take the kit home. If you have not gotten on the list and paid your dollar give me a call at 363-1688 so I will have an idea how many pizzas to order.

Big thanks to Dee Roman for getting the cute little aprons for our last meeting. They fit in well with the speaker's subject.

This month we say goodbye to three very special ladies that worked on the staff. Marie Webster and Patty Reed who took care of the community projects and Nancy Lacy who served a couple terms and did a great job setting up classes. We welcome aboard two ladies that have served in the past Zona Davison and Gloria Waltke. I only wish some more of for an office. Remember we all fill in at the meeting with our ideas so you are not alone. If you feel you cannot fill an office at least come to some of the special classes and try a trip or two. The success of the club depends on each member doing their part.

Remember to give me a call to get your name on the pizza list.

Thanks again and see you  
all on the 16th of October

Jean Strait  
President 2001-2002

Also welcome to Zona Davison and Gloria Waltke who have volunteered to serve on the board for 2002-2003. Happy to have you a-BOARD. Thanks as well to Mary Zoll who agreed to keep the classes available. Please give her any interests you have for a class.

How many F's? 3? Wrong, there are 6!--no joke. Read it again. The reason is the brain cannot process "OF". Incredible or what? Anyone who counts all 6 "F's" on the first go is a genius. Three is normal, four is quite rare. Send this to your friends--it drives them crazy
